Mr. Ferguson started his now present career as our principal in 1978.

He had previously been the principal of Ramona Jr. High School for two years. Mr. Ferguson has always been a part of Chino High

School, present and past. In 1958 he started teaching

Biology and Boys' P.E. He also coached both Varsity

Football and Wrestling. After a two year stay

At Azusa High School he returned to Chino

High School to be on Activities Dir-

ector. In following years at

Chino High School, he

headed the Assistant

Principal office

in charge of

guidance, cur-

riculum, and

instruction.

His family

consists of

one daughter,

Shelly, (a

freshman at Don

Lugo), a son, Scott, (a

senior at Chino High School), his

lovely wife, Donna, and his dog, Fonzette.

Mr. Ferguson is a warm, friendly, and sincere person

who is a friend to one and all. He has an excellent rapport

with students, staff, and parents, and the talent to be at home

with any group. He is very serious about this chosen career, also

has a contagious sense of humor that leaves a good feeling with every-

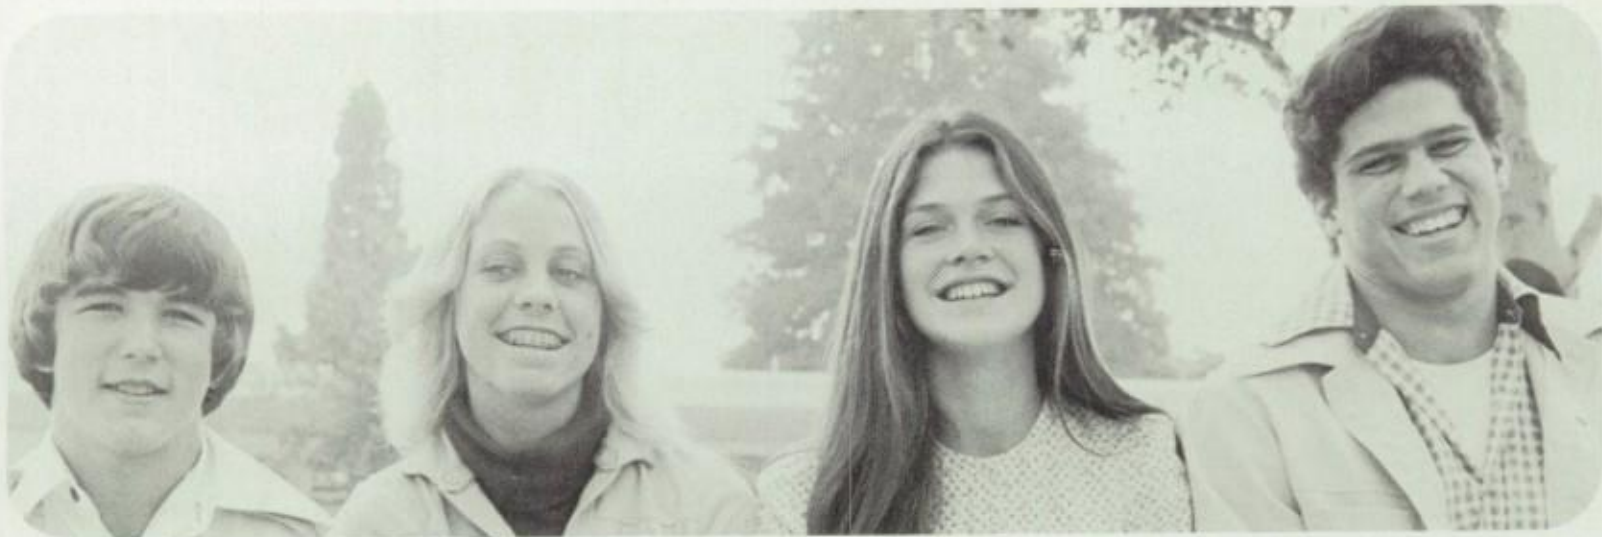

one he meets. The El Chasqui Staff, would like to dedicate this book

to this wonderful man. We love ya, Mr. Ferguson!!!!!!!!!!!!!!!!!!!!!!

UNFORGETTABLE MEMORIES

Homecoming this year was an unforgettable experience for all five girls on the court. For the first time at Chino High, a special homecoming week was organized to introduce the court. The girls were able to get to know each other better and the students got a chance to see the court from their very best to their very worst appearance. Monday, the girls gave speeches on their home life, involvement in extra-curricular activities and future plans. Tuesday, there was a fashion show with styles from Hallies a local dress shop. Wednesday, the girls were presented at a Rotary Club luncheon. Thursday was a very amusing day when each girl went into a dunking machine and students paid a small fee to "dunk" each girl. Friday was the big day, a rally during school and that night, Terree Malins was crowned homecoming queen. The girls all agree that if given the chance they would do it all over again.

Our Memory Box

High School days are here, soon they will be gone
We store the past in our memory box as new life
Begins to dawn.

Sophmores we were yesterday, we loved and grew
Along the way.

We give and we take, we win and we lose,
We party and dance, and drink plenty of booze.

The friends we made we cared so much,
Will they drift away or will they keep in touch?

Yesterday is today, Today will be tomorrow,
If only we could buy some time or maybe
We could borrow.

Now the years gone by, lay still amidst the air,
Because the time has come, to climb the
Life of stairs.

Save all of them, the happy times, sad times,
And crazy times too, and leave some room in
Your memory box of the Love I have for you.

Winter Homecoming Court

In an election held on January 23, the 1978 Winter Homecoming Court was chosen, and what a fascinating experience the next two weeks would prove to be for the six princesses! During the first annual Winter Homecoming Week, the girls had to participate in Housewife Day, in which they all had to come to school in robes and curlers, with no make-up, for the distinct purpose of making them look their worst. Another Homecoming Week activity was the Dating Game, in which the Court had to dress up in outfits from the 60's, and Princess Carolyn won a date with Bachelor Gene StEsteben, Princess Joni won a date with Jesse Atilano, while Gary Niekerk served as Master of Ceremonies. The week of activities continued with the rally on Friday, February 3, and that night, during halftime of the Chino VS Claremont basketball game, climaxed with the coronation of Teresa Gable as Homecoming Queen. The 1978 Winter Homecoming was definitely an enchanting and memorable time for all involved.

Gary Niekerk was the only returning senior on the Varsity team. The strength of the team was in the heavier weight classes. The season was capped off with the S.A.L. League Finals on the Chino mats. The members of the team advancing to the C.I.F. primaries were Ben Almendarez and Gary Niekerk, who both took first in League, along with Jose Perez and Todd Morell, who both went home with second place medals in League. VOCAL GROUPS

3.

The vocal groups at Chino High, under the direction of Mrs. Loraine Richartz, are a few of the most prominent and hardworking organizations on campus. They include Trebletones, a select group of female voices; Chorale, a select group of mixed voices; Choir, a large group consisting of both sexes; and Glee Club, consisting of girls only. The groups work together in performing two large concerts each year, the Christmas Concert and the Annual Home Concert, commonly referred to as the Spring Concert, besides performances at community establishments and a Midwinter Concert. All the groups work hard in putting together a fantastic program, and although time consuming, it is a most rewarding experience.

EXCHANGE STUDENT

"Love while you've got love to give; live while you've got life to live."

Lizbeth Damgaard

When I arrived in the U.S.A. Aug.-77, I realized that my host family and my school would be of great importance for my stay, and I have been lucky! - My host family has been nice, and kind to me, and I have more to thank them for than words can say!

C.H.S. is something special! I have met many very nice people, who made my stay so much better! I really hope some of you "Cow-boys" will be able to see Europe or even better, become an Exchange Student. It's such a great experience; one you should not miss. If you go to Denmark, you are naturally very welcome to my home

THANKS TO ALL OF YOU!

With love,

Hilbeth Damgaard P.

P.S.

To all my "Rowdie" friends: - hope you have a good soccer-season next year. I will never forget you!

Vi ses i Danmark!

The 1978 Chino boys' swimming team proved very successful. With nearly twice as many swimmers as last year, the Cowboy's Varsity squad swam to their first league victory ever, over Webb. The Frosh--Soph had their first complete team ever, with a respectable record of 5--6. With only three seniors this year, the addition of new prospects next year, 1979 should be the most rewarding swimming season ever in Chino High School's history.

Now,
 he may never see world peace, during
 his lifetime, but even if we do, it
 would not be enough. Each of us
 has the potential of becoming a
 sower of peace and love. Within
 the living of each of us is a gift
 but it doesn't become a gift until
 it is given.
 By giving this gift, people can share
 a feeling that makes them complete
 an encounter which is as total as
 the mountains, the seas, the winds,
 and life itself.
 Please realize that you possess this
 my friend, and only by sharing can
 you give your gift of peace and love.

Bob,
I just want to thank you
for two wonderful years of
friendship and love. All the
fun, laughter, heart to heart
talks, and even the sad
times have meant so much
to me. We've never let
each other down no matter
how rough things have
gotten. The love we
share is special because
it's between you and I.
I thank the Lord for
giving me such a
wonderful bestfriend.
I LOVE you!

I'd like to thank you for making my first and last year at China a good year. You gave me support and encouragement when I needed it. We had some good times that I'll always remember. You made my Senior year a memorable year.

1. The first step is to identify the problem. This is often done by asking the following questions: What is the problem? What are the symptoms? What are the causes? What are the consequences?

2. The second step is to analyze the problem. This is often done by asking the following questions: What are the underlying causes? What are the contributing factors? What are the potential solutions?

3. The third step is to develop a plan. This is often done by asking the following questions: What are the goals? What are the objectives? What are the steps?

4. The fourth step is to implement the plan. This is often done by asking the following questions: What are the resources? What are the responsibilities? What are the timelines?

5. The fifth step is to evaluate the results. This is often done by asking the following questions: What are the outcomes? What are the lessons learned? What are the next steps?

Yesterday, I thought out loud
how the meaning of life was lost in a cloud
What purpose, I thought, could there possibly be
in a world where we hide from reality
People live in a cosmetic world
where competition and fate are often swirled
And regards and manners are so well refined
which brings up a question in my mind,
Do we really relate, my friend,
or are we just the victims of fate?

The people I saw as I looked about
did not whistle or laugh or even shout
The movements they made were terribly hurried
and the faces around looked extremely worried
I thought out loud, how cold, how sterile
unable to help with another's peril
Because of bridges and walls I could not see
what purpose, thought I, could there possibly be?
Do we really relate, my friend
or are we just the victims of fate?

And I realized near the end of my ride
that the real riches are locked inside
That though our world is artificial
and our goals in life are superficial
The guy next door that we try to beat
is really a guy we need to meet
For friendship with others, absent of stress
gives our lives the meaning of happiness
And though we all can see and care
that's the thing we all must share.

When I saw this, those clouds that I feared
and the falseness of life soon disappeared
Life had become a crystal clear night
and I was privileged to see in the light
That when we go out and really relate
we become the masters of the future of fate.

Rev Mengle,
1978 El Chasqui Editor
